

How to manage your heating system

Our partner PH Jones has useful videos on how to adjust your heating. Visit phjones.co.uk/videos/ or click the link below

[How to Videos](#)

The videos cover:

- What to do if your boiler breaks down
- What to do if you have no hot water
- What to do if you have frozen or burst pipes
- How to use thermostatic Radiator Valves
- How to increase boiler pressure and check your pressure gauge
- How to bleed a radiator

If you need more help or have an issue with your heating that isn't covered here, you can call us on **033 33 55 44 33** or email customerservices@2rh.org.uk
